Geometria Hat

Simple hat with simple linear detailing

Yarn: 2 Skeins Fiori Gradient Sock Hand Dyed 50g

Needles: 4.00mm needles

Tension: 21st x 36 rows for 10cm x 10cm Holding 2 strands together

Size:

One size (fits most teens and adults)

Abbreviations:

K-knit

P- Purl

S2PP-Purled double decrease. With yarn in front, slip 2 stitches knit wise one at a time. Slip them back onto left needle purl wise one at a time. Through the back loop slip these 2 stitches purlwise on right needle. Purl next stitch and pass the 2 slip stitches over this new purl stitch

This hat is worked inside out to maximise the knit stitches and minimise purling. You can choose to work from either end of the gradient depending on your preference.

Cast On: Holding 2 strands together (one from each skein and from the same end of the gradient), cast on 96 stitches using a stretchy cast on such as longtail cast on. Join in the round.

Brim: Knit 3cm of 1x1 rib- (K1, P1) repeated for whole round

Body of Hat: *K15,P1* 6 times
Repeat this row until the hat measures 18cm from cast on edge

Crown Shaping:

K8, Place Marker for beginning of round (this is in a slightly different place to the cast on start)

Round 1:*K to one stitch before purl stitch, S2PP* repeat 6 times

Round 2:*K to decrease stitch, P1* repeat 6 times

Repeat these 2 rounds until 12 stitches remain.

Cut yarn and thread tail through all the live stitches and secure.

Weave in ends and block

Additional Gradient Pompom: Using a KnitPro pompom maker, wind the yarn from both leftover balls around the first side of the pompom maker. Cut yarn. Rewind balls so you can then work from the opposite end of the yarn. Wrap yarn round the second side of the pompom maker. Continue to make pompom as normal.
